
SHREWSBURY PUBLIC SCHOOLS

Family and Consumer Science 9-12

SITE-BASED PROFESSIONAL DEVELOPMENT PROGRAM

Professional Development Program Overview 2003-2004

The primary focus of Family and Consumer Science professional development will be curriculum review and development (HS 8A-H). Teachers who have not yet been trained in John Collins Writing (HS 9), Differentiated Instruction (HS 1), or Student Learning Styles (HS 7) should select one or more of these workshops for the morning professional development sessions. Additionally, teachers may participate in Apple Technology training on November 4th or March 12th (HS 2 or HS 3). Teachers should consult with the department director before choosing from the available options.

August 26, 2003
